Jangro

COSHH RISK ASSESSMENT

Jangro Multi Purpose Barrier Cream (5 Litre)

Product Code: BK202-5

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packed in 5 litres polythene bottle with integral carrying handle.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	If manually handling then trained employees should handle only single container at any given time. Take care not to drop the containers. Ensure that the caps are secure at all times.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, well ventilated, dry storage area. Product must be kept stored in its original container.	Minimal risk of slippery floors through spillage if packs are damaged on receipt. Caps are not child proof.	Keep containers in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel. Avoid extremes of temperature.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Suitable for use in a dispenser. Before and after work apply a small amount to hands and forearms and work into the skin, paying special attention to the nails & cuticles.	Minimal risk of eye contact when used as directed.	Always read manufacturers 'How to Use' instructions prior to use.	Provide dispensers and 'How to Use' information.
DISPOSAL			
Empty containers are not classed as hazardous waste. Use normal industrial or domestic waste procedures. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Small risk of eye contact.	No risks identified. Wash spills to foul drain with plenty of water.	Cosmetic product, PPE not required.
