COSHH RISK ASSESSMENT

Foam Hand Wash Sachets

Product Code: BB588

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
One packet contains 20 sachets.	Risk of spillage if the packaging is torn.	Handle with care and ensure packaging can not be split by sharp objects and that the seal if fully closed when storing.	Store in a cool dry place to avoid exposure to damp or water.
STORAGE			
Advisable to keep containers stored away from moisture in a closed container. Store above 0 degrees C.	Minimal risk.	Restrict access to storage areas to authorised personnel. Keep the store well ventilated. Clear up spills immediately. Keep bags in secure storage areas. Ensure that product is stored away from substances that contain oxidising agents.	Store containers so their labels face forward. Use oldest stock first. Make regular checks to ensure that bottles are not split or blown/damaged.
USAGE			
Product must be mixed with water in a litre container and is for use in hand pump bottle or dispensers. This wash is gentle to the skin and kind to the planet.	Low risk of eye contact. Unlikely route of exposure, but inhalation of dilute solution droplets may result in a sore throat. May cause slight temporary irritation. Unlikely without abuse, likely to cause temporary irritation, a bitter or soapy taste may be reported.	If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. After eye contact rinse cautiously with water for several minutes. After ingestion do not induce vomiting. Rinse mouth thoroughly with water.	Cosmetic product, in normal use, eye protection not required.
DISPOSAL			
Packaging is compostable and should be recycled or dealt with according to local regulations.	After regular use of hand soap in the workplace, end of day use of a moisturising cream is recommended.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal.	Consider safety glasses if there is a significant risk of splashing.
